

GREENCONNECT Russia (GCR) is a Russian manufacturer of professional computer cables, high-end mobile accessories and innovative switching equipment with the widest assortment and fast production cycle.

The leadership of GREENCONNECT Russia (GCR) is based on the huge potential of internal intellectual resources, continuous investment and increasing in our own developments.

Search for new ideas and the use of modern technology in daily operations, thanks to this, in St. Petersburg, our company produces more than 3,000 SKUs in 50 product groups.

For cable production we are used only the highest quality and high-tech materials. A highly oxygen-free copper conductor purified transmits a signal without delay or distortion.

The external insulation of the cable is made of eco-friendly PVC plastic and complies with the European RoHS standard, which makes to use the cable it convenient and safe.

To protect the transmitted signal from interference in the cable, it uses triple shielding of the internal conductors. Thanks to this, the signal quality will remain at the highest level.

Length up to 10 meters

GCR-HM801

Extension cable USB 2.0 with 2 active signal amplifiers

Signal transmission over distances of up to 150 meters

Possibility of series connecting in up to 5 cables

LED indicators for power supply and connections

Plug & Play

Compatible with all modern operating systems

Signal transmission speed up to 480 Mbps

Possibility of connecting additional power supply 5V 2A

Operation at low temperatures up to -20 ° C

Double shield
Protects the signal from electromagnetic interference. Thanks to what the signal will remain at the highest level.

Signal amplifier

Signal transmission over distances of up to 150 meters

GCR-UECa2

Active HDMI 2.0 cable with signal amplifier, ferrite bead 4K ULTRA HD

Integrated signal amplifier

Resolution up to 4K 30Hz

Oxygen-free copper conductor

The external insulation of the cable is made of eco-friendly PVC plastic
and complies with the European RoHS standard

Ferrite filters and triple shielding of internal conductors.

Gold-plated connectors

GCR-HMa

Lightning Cable

GCR-IP5

Unique double-side connector

ETHERNET LAN Rj45 CAT. 7

The LAN cable is designed for various routers, switches, hubs, Smart TV. It is widely used in home and industrial solutions. It is called a network cable, which is designed to receive high-speed Internet in home and global networks.

Category 7 LAN cable (F / FTP or S / FTP) is professional, high-speed, and shielded twisted pair cable that works at super fast speeds.

Protected against external interference, a professional cast LAN cable (F / FTP or S / FTP) 7 ensures flawless data transfer.

Copper conductor

Molded connector

High speed up to 10 Gbit/s

AUDIO AUX

Excellent workmanship and shielding will prevent interference from signal transmission.
It can be used to connect, for example, a headset with an MP3 player, a computer, DVD, TV, radio, CD player, which have this audio jack.

GCR-AVC01

GCR-AVC11

GCR-AVC16

GCR-AVC81

Frost-resistant

The insulation is made of high-quality PVC plastic with the addition of specialized additives that make the cable frost-resistant and resistant to damage at low temperature.

Ultra-flexible

Cable conductor is made of oxygen-free copper of a high degree of purification - one of the best materials for the manufacture of professional speaker cables.

Amazing sound.

With this cable, you get best signal quality, excellent sound and an indescribable feeling of listening to music.

EXTENSION AUX CABLE

GCR-STM01

GCR-STM16

Computer cables

DisplayPort v1.2

GCR-DP2DP

3-in-1 USB Cable

Charge differently

-  **Handy**
Charge 3 devices
-  **Fast charge**
5A quick charging
-  **Reliable**
Connect 10 000+times

We are always happy for partnership!

Why choose GCR:

- A wide selection of audio and video, charging and data cables
- Sales and support service brand
- Strong R&D department
- Original patented design of devices and accessories
- Effective pre- and after-sales support
- Technical support 24/7
- 2 year quality guarantee
